REASONS FOR AND BENEFITS OF THE TRANSACTION

Guanlang is a non-wholly owned subsidiary of the Company and is owned as to 83.85% by Sanjiang Chemical, a wholly owned subsidiary of the Company. The principal activities of Guanlang are the construction and management of pipeline network in Jiaxing Port Area Chemical Industrial Park.

Jiahua Energy Chemical Co. is a limited liability company established in the PRC and is principally engaged in the business of production and trading of desalinated water, steam, chlorine gas and sulfuric acid. Jiahua Energy Chemical Co. is currently listed on the Shanghai Stock Exchange (stock code: 600273). Other than Jiahua, there are no other shareholders who individually hold more than 10% or above interests in Jiahua Energy Chemical Co..

As the principal activities of Guanlang are the construction and management of pipeline network in Jiaxing Port Area Chemical Industrial Park and the production base of Jiahua Energy Chemical Co. is located at Jiaxing Port Area Chemical Industrial Park, the entering into of the Framework Agreement will enable Guanlang to engage in its principal businesses and bring synergies to Guanlang's operation. In addition, as the purchase prices under the Framework Agreement are determined in accordance with the notice namely Jiaxing Port Area Public Pipeline Usage Standard Fee Rates issued by the local authority, which is applied to all the pipeline users in the region, the Board considers such pricing principles and the transactions under the Framework Agreement, will be conducted on normal commercial terms and not prejudicial to the interests of the Company and its shareholders as a whole. In view of the foregoing reasons, Guanlang entered into the Framework Agreement with Jiahua Energy Chemical Co..

Since Ms. Han has a material interest in the Framework Agreement, she therefore abstained from voting on board resolutions of the Company approving the Framework Agreement.

The Directors (including the independent non-executive Directors) are of the view that the terms of the Framework Agreement, which were arrived at after arm's length negotiations between Guanlang and Jiahua Energy Chemical Co., are fair and reasonable and are on normal commercial terms, in the ordinary and usual course of business of Guanlang and are in the interests of the Company and its shareholders as a whole.

CONNECTED PERSON

Jiahua Energy Chemical Co. is owned as to approximately 40.86% by Jiahua, which is ultimately controlled by Mr. Guan and Ms. Han.

As Ms. Han is the wife of Mr. Guan and is an executive Director and Mr. Guan is a controlling Shareholder of the Company, Jiahua Energy Chemical Co. is therefore an associate of Mr. Guan and Ms. Han and is thus a connected person of the Company and the transactions contemplated under the Framework Agreement constitute continuing connected transaction of the Company under Chapter 14A of the Listing Rules.

LISTING RULES IMPLICATIONS

As the relevant applicable percentage ratios in respect of the Annual Caps are more than 0.1% but less than 5%, the Framework Agreement and the Annual Caps are subject to the reporting, announcement and annual review requirements but are exempt from the independent shareholders' approval requirements under Chapter 14A of the Listing Rules.
